

## States Ontario Won't Subsidize Sask. Socialism

TORONTO, Jan. 22.—(CP)—Leslie Blackwell, Ontario provincial general, said last night that the program of the CCF government in Saskatchewan "to socialize progressively all industry" was one reason for Ontario's rejection of federal proposals to the Dominion-Provincial conference.

ONTARIO REFUSED to agree to the federal proposal that the Dominion government would guarantee the corporation and income tax rights. In return for a subsidy of 50 per cent to the province, because of the program, he said a Toronto Progress Conservative Convention meeting.

"Here's what it means to the Dominion-Provincial group," he said. "It means that every industry that is established in the province must go in for socialism immediately. It means the further corporation tax, but the Saskatchewan government takes the profit, if one is made."

"THAT WOULD MEAN that the Dominion government would have to subsidize those more and more corporations which collect taxes on their capital subsidy as well as on their income from the sale of their socialistic socialism to that degree," he said.

The first thing that might happen if we made such a deal is that we would get inflation in the province possibly would be worth only 50¢.

We've over a barrel and have no money to raise further revenue."

EVERY GOVERNMENT is a "trustee" to the portion of the public from which it collects taxes, Mr. Blackwell said.

The provinces had agreed that while the war had kept up activity and had temporarily hindered work on the part of the corporation, the "fullest trust" would be maintained.

## Clearer Weather Aids Plane Search

CALGARY, Jan. 22.—(CP)—Clearer weather throughout southern British Columbia facilitated the search for the missing H.C. Hawk biplane.

The aircraft was last seen on Saturday at 3:25 a.m. near Cranbrook, B.C. The plane was reported to have crashed in the mountains near Cranbrook, B.C. The plane was reported to have crashed in the mountains near Cranbrook, B.C.

## Canadian Carrier To Grow Fleet

OTTAWA, Jan. 22.—(CP)—Canada's first aircraft carrier, HMCS Warrior, to be commissioned at Belfast, Northern Ireland, Thursday.

The ship will be the first of a new class of aircraft carrier, the first of a new class of aircraft carrier, the first of a new class of aircraft carrier.

Technical details of the new carrier will be a flight deck 700 by 80 feet, raised 42 feet above the waterline. The carrier itself has a length of 685 feet and a beam of 80 feet with a displacement of 18,000 tons.

Among the developments were: Steel—Seizure of steelwork steel plants was reported by those close to the White House by the "hard" in the case of serious discussion at this time.

Electrical manufacturing—Media- tion was to be resumed tomorrow in New York between leaders of 20,000 striking CIO United Electrical Workers and executives of General Electric and Westinghouse corporations.

GRADUALLY the steel strike and the coal strike were being fought by many industries. Railroad workers were being laid off by many industries.

THE FIRST THREE Canadian ministerial cabinet members yesterday held a long conference with Prime Minister St. Laurent.

Justice Minister St. Laurent, Agriculture Minister Gardiner and the Minister of Finance, Mr. Bennett, were the first to be called to the Prime Minister's office.

## Strikes in U.S.

(Continued from Page 1)

The CIO workers to return to their jobs under government operation.

Labour department officials said striking A.F. workers had agreed to return if the government took over.

The labour department said the A.F. 70,000 strikers would return to work for the government.

In Chicago, an A.F. official said his union would have to "see" the science order before it could decide to call off the strike.

The CIO labour department said the CIO 100,000 members are striking and would not call off the strike.

In Chicago, Herbert March, CIO district director, said federal seizure would not put any strike-breaking action, or at best, compulsory arbitration.

The government's plan to end the strike and seek to restore the normal flow of fresh meat were reported consistent with either the United States army or the agriculture.

## Leagues Planning To Aid Commission

(Continued from Page 1)

The Federation of Community Leagues feels that the aims of the recreation commission and the federation coincide and the federation is willing to co-operate, was the content of a resolution passed at a meeting held last night.

The RESOLUTION was handed to the recreation commission which will put it before the city council at a meeting next Monday.

A resolution passed at a previous meeting the federation expressed its desire to see the building of recreation facilities in the community leagues.

Members of the recreation commission, were present at the meeting.

A committee was elected to work in co-operation with the commission and to choose a community in which the commission can be put to work and build up a model.

Those on the committee are: Lloyd McArthur, president of the recreation commission, and C. Simmonds, McKernon. The federation president, Mr. L. G. McArthur, presided over the meeting.

The meeting closed by the North End Business Street Association.

Recommendations ranging from strengthening the Montreal police force to imposing a ban on the sale of toy pistols were made last night at a public meeting at which Assistant Police Director Alfred Belanger said Montreal's crime record was being exaggerated.

With the result that those who are not in Montreal are afraid to go out at night.

The meeting called by the North End Business Street Association.

## Guard Ex-Soldiers

Occupation Duty of Canucks  
To Be Ended in Near Future

By WILLIAM BOSS

BAD ZWISCHENHAHN, Germany, Jan. 23.—(CP)—The main task of the Canadian army occupation force in Germany—that of guarding German military prisoners—soon will be completed as enemy troops are shipped home for discharge.

## Wins Election

OF THE 280,000 German troops interned north of the Elbe-Jade Canal by Canadian troops after the surrender, last May, only 20,000 remain. Of these, 20,000 are Austrians, 14,000 of whom will leave within a fortnight.

Within the last month, more than 70,000 German service personnel either have been discharged in the Canadian area under supervision of the Canadian army occupying force or have been dispatched under Canadian guards to other parts of Germany.

The accelerated discharge is a sequel to the Russian protest last November that the western allies were not disbanding enemy military strength rapidly enough. British authorities launched the protest movement, known as "Operation Clobber."

EVEN THE GERMAN military hospitals in the Canadian area were under guard.

Resorting prisoners to discharge and to the Russian protest, the Canadian army has been ordered to speed up the task. The prisoners are moved in slow trains of freight cars.

There is a risk of attempted escape, guards must travel on open road, weather below the freezing point.

A recent train carrying more than 32,000 men had closed in accommodation for only 23 and many men were crowded for as much as 35 hours.

THE CANADIAN TROOPS report troops with prisoners, principally when SS troops or Russian troops are being moved.

By the end of the war, the Canadian army had a tremendous job in the infant of radar—that group of radio detecting devices used by the British in the blitz and later perfected by the Germans.

## Cops Call Driver Who Did This "Reckless"

For causing this cute little pile-up, a Turco Hays, Ind., driver was arrested for reckless driving, and the picture indicates that the cops had a good reason. His car (right, foreground) hit an auto transport on highway between Ottawa and Lawrence, Kan., knocked off two trucks and a passenger car the transport was carrying. Wrecking cranes spent nearly five hours clearing the road.

## Said "Hysterical Phenomenon"

## 18-Year-Old Girl Insists

## She Is Daughter of Hitler

HERFORD, Germany, Jan. 23.—(AP)—An attractive 18-year-old girl who insists she is the daughter of Adolf Hitler is being held by British military government authorities.

A British army psychiatrist who questioned her said he believed her claim to be Hitler's daughter may be a "hysterical phenomenon with little or no truth or reality in it."

The girl, who gave her name as Gretel Torsen, said her mother, now dead, was a Swedish actress and was Hitler's mistress in the late 20's.

Described as a violent Nazi who hates British and Americans, the girl is being held in an internment camp as a security suspect.

The girl told interrogators when she was 14 Hitler told her in the presence of Hermann Goering and Heinrich Himmler that she was Hitler's daughter, "convinced by ordinary means."

Hitler was wounded in 1918 in the First Great War, and intelligence officers were watching her since she was a member of an operation in 1929 for this wound Hitler lost his procreative powers.

## Want Their Husbands

## Eisenhower "Ambushed"

## By Crowd of Mothers

WASHINGTON, Jan. 23.—(AP)—Gen. Eisenhower walked into a verbal ambush of irate war mothers yesterday heard at length their complaints about demobilization and the army chief of staff's autograph.

FROM A HALF-DOZEN cities, representing organizations devoted to obtaining the speedy discharge of soldiers, gathered in a hallway in the House of Representatives office building. They heard that the army chief of staff's

SPORTS EDITOR

**MRS. EARL GARLOUGH** would appear to be the favorite for tough luck laurels for the first two days of the current ladies' bonspiel. Up to Tuesday night there had been only four extra-end games, but the Alberta Avenue Club ship had been in two of them—and lost both.

Playing in the opening games of the "ladies' tour," Mrs. Garlough and Mrs. A. Christiansen finished the regular 10 ends in a tie. The Royal also executed a six-foot line with her last row on the 11th for the Kingston required to give her risk an 8-7 win.

And on the 11 o'clock draw yesterday, Mrs. D. Downie's Westcoast curlers demolished their Grand Challenge game with Mrs. Garlough at 8-0 on the 10th and then executed the deciding rock in the additional session.

**GALLERY CURLING** fans claim the "bonspiel shot" date was delivered by Mrs. J. K. Patton (Granite). With it she defeated Mrs. W. Shaler of the Royal on the 13th draw. Shaler was lying three chattered around the button, and apparently well guarded. With her last shot, Patton raised one of her own rocks to cut out the trio belonging to her opponent and count, for a 9-7 win.

Mrs. Jessie Garvie was the only unbeaten skip playing on the evening today, her 8-0 rink being scheduled to play Mrs. J. Sangwin of the Royal in the 11 o'clock draw. Four of the undefeated rink were on the 11 o'clock draw—Mrs. J. McLeod (also of Edmonton), Mrs. F. Harris of the Royal, and Mrs. Shaler was lying three chattered around the button, and apparently well guarded. With her last shot, Patton raised one of her own rocks to cut out the trio belonging to her opponent and count, for a 9-7 win.

**EAC North Beats Highlands by 9-2**  
Edmonton Athletic Club North scored its seventh win in eight starts by hammering out a 9-2 victory over Canadian Highlands at the Stadium rink in a City Midnet Hockey League game Tuesday night.

Leo Dupuis saved the hard-fought game with a volley of shots on the Highlands' nets that earned him a total of five tallies. Doug Kilburn, Ed. Watt, and Grace were the Highlands' players who scored on the EAC.

Of these, Mrs. P. B. Rose, Granite, scored the extra end before the play in the annual bonspiel of the Northern Alberta Ladies' Bonspiel which began at the Granite Club on Monday morning.

Three skips, three of them victors, remained unbeaten at the end of the second day's play in the annual bonspiel of the Northern Alberta Ladies' Bonspiel which began at the Granite Club on Monday morning.

Max Bentley Well Ahead  
With 26 Goals, 17 Assists

MONTREAL, Jan. 23.—(CP)—Max Bentley, Chicago Black Hawks' flying forward, added four points during the week-end National Hockey League games, and extended his lead at the top of the league's official statistics, Tuesday.

Bentley now has 26 goals and 17 assists for 43 points, 11 ahead of Bill Masterton of Chicago, Montreal, who has 12 goals and 20 assists, has trailed the last eight games with Black Hawks due to an injury.

Doug Bentley also added four points, boosting his total to 15 goals and 14 assists for 29 points, and third place in the league's statistics. Elmer Lach of Montreal Canadiens did not score in the Canadiens' three games last week, and slid from third to fourth place with 30 points.

Steve Stewart of Toronto Maple Leafs climbed into a first place tie with Toe Blake of Montreal and Elmer Lach of Montreal. Blake has 23 goals and nine assists, and Stewart has 13 and 14 for a total of 20 points each.

Bill Durnan of Montreal, who has been forced to the sidelines for six games with an injured hand, comes at the top of the league's keepers' statistics with 61 goals against in 24 games. Durnan's three shutouts still ranks first in that department. Paul Bischoff, with six shutouts, is second with 62 goals against in the 22 games.

Jack Stewart of Detroit leads in penalties with 43 minutes in the box.

Monarchs Stop  
Port Flyers 7-1

WINNIPEG, Jan. 23.—(CP)—Winnipeg Monarchs scored five goals in the second period to turn back Port Arthur Flyers 7-1 here last night in a junior exhibition hockey game. It was Flyers' first defeat of the season.

Harry Taylor and Gord Hawthorne with two each, Gord Scott, Laurie May and Eddie Macmillan scored the Monarchs' goals. Barclay got the lone Port Arthur goal midway through the final period.

Canadians Win  
At Luscar 10-2  
In Third Game

Canadians defeated Cadomin All-Stars 10-2 at Luscar on Monday night. It was the best and fastest of the three games played in the Cadomin branch during the weekend. The visiting juniors led 3-3 at the end of the first period.

Sam Domichelli and George Bonner accounted for both Cadomin goals in the second period.

Canadians' Murray, Gudy, Steve, Bonner, E. Thomas, Thomas, Black, Grove, Slater, Ryphen, Lucchini, and Harry Groves were the Canadians' goal-getters.

First period: 1. All-Stars, Bonner (E. Thomas, E. Thomas, 1:27); 2. Canadians, Domichelli (E. Thomas, 1:30); 3. Canadians, Gudy (E. Thomas, 1:30); 4. Canadians, Gudy (E. Thomas, 1:30); 5. Canadians, Gudy (E. Thomas, 1:30); 6. Canadians, Gudy (E. Thomas, 1:30); 7. Canadians, Gudy (E. Thomas, 1:30); 8. Canadians, Gudy (E. Thomas, 1:30); 9. Canadians, Gudy (E. Thomas, 1:30); 10. ## School Board To Visit City Studies Cost of Repair Plans

An estimated budget of more than \$100,000 for general maintenance and improvement for Edmonton schools occupied the major part of trustee attention in a meeting of the school board property committee Tuesday night.

The budget was estimated to be about \$60,000 greater than that of last year and the increase was said to justify on the grounds that a greater amount of work and improvement has been occasioned through unavoidable neglect due to shortages of labor and materials during the war years.

In the report of J. M. McFae, superintendent of plant, it was stated 70 per cent of the school buildings would have to be repaired and 30 per cent partially repaired in order to accommodate the new standard of 25-foot ceiling lighting already approved by the board.

OTHER IMPROVEMENTS in the various schools of the city included in a long list of recommendations, improved ventilation, heating replacement, boiler retubing and repairs, exterior painting.

The estimate for interior decoration exceeds last year's figure of \$11,900 by more than \$6,000 at Westmount. Grounds and equipment expense in 1945 at Westmount was \$2,500. This year's estimate is \$1,100. At \$6,000 there is an increase of \$1,100 for classroom equipment.

Introduction of mechanical ventilation at Westmount will be estimated at \$1,000. This year's improvement listed for this amount is \$296.

ANOTHER LARGE ITEM is listed for improved artificial lighting at Oliver school and its addition. This is estimated to cost \$12,150.

The proposed budget lists increases in appropriations for all of Edmonton's 33 schools operating in 43 buildings.

The building department estimates will come up for further consideration at the time the board meets to hear the full budget.

MR. MCAFEE, in recommending the estimates, pointed out that this was a post-war budget, and that in many instances there was a backlog of 20 years in which necessary improvements had been deferred. The superintendent, he said, justified expenditures in keeping with sound economy.

It is a false economy to put off doing necessary repairs when they should be done, said Mr. McFae, who said that the board should consider the fact that he expected would occur in the employment situation in the future. He said he could not agree with increased estimates in the future, but he said he could not agree with increased estimates in the future, but he said he could not agree with increased estimates in the future.

James MacDonald questioned the idea of taxation on that basis, asking if we will in the future have to create more money to pay for the future.

ARMOR FORD, K.C., wanted to know if the \$61,000 increase would make much of a difference to the board's request for funding.

He is contemplating using reserves for building more schools, said Mr. Cormie.

Secretary Harry Turner said the \$100,000 building estimates would be a standard for the future, and in considering estimates at a future time it would act as a precedent.

A smaller building program would make it easier for the "education department," said Mr. McFae, but the requirements warrant the expenditure.

MRS. ELIZABETH HAYNES agreed that it would be a precedent to spend a large sum for the successful reform of school buildings, but she also observed that money must continue to improve the education of the children.

Arrangements have been made by Superintendent R. S. Sheppard to have representatives of the Leith bridge and Calgary school boards join with a delegation from the Edmonton board to meet Premier Manning in connection with the grants available through the federal government's \$100,000 fund for this purpose.

PREVIOUS BOARDS had also tracked the long standing request that a gymnasium be built at Strathcona school, G. W. Robertson, principal, stated in a report to the board.

Mr. Robertson outlined the reasons why the gymnasium was more important to the school than the shops. He said he was glad of the improvements already made and contemplated, but that there was an almost imperative need of a new gymnasium to replace the old, cramped and inadequate room on the top floor.

THE TRUSTEES were sympathetic to the proposal set forth by Mr. Robertson, and said they would give it every consideration. If the plan was adopted and included in the school board's program, the program it would increase it by \$60,000.

The gymnasium would be separate from the school in a building to be erected to its east.

Free use of Oliver, Garneau and Parkdale schools for meetings of the Alberta Adult Education Association was granted for a limited period by the board. This did not include absorption of expenses incurred in transporting chairs to equipment seating arrangements at any one of the three schools, however.

Annual Meeting The King Edward Park Savings and Credit Union will hold its annual meeting in the King Edward Park Community hall on Friday at 8 p.m. Members are urged to attend.

## To Visit City Record Protest On Deportation Of Loyal Japs

A protest against the proposed visiting of loyal Japanese Canadian citizens back to Japan was recorded at a meeting held in the Civic Centre Tuesday night. About 40 persons, representing various organizations in the city, were present.

THE GUEST SPEAKER, Hugh MacMillan of Toronto, stated that the war there was about 25,000 Japanese in B.C. about 600 in Alberta, and a sprinkling of them throughout the rest of the Dominion. Of those, Mr. MacMillan said about 75 per cent are Canadian born.

"It is the duty of all Canadians to arouse public opinion against the suggested deportation of these citizens and present it to various authorities, government and legal," declared the speaker.

The purpose of his visit to Edmonton was explained by Mr. MacMillan as this to form a committee of leading citizens of various groups who will be concerned with the various problems and bring them to the attention of the public and back up legal action if necessary.

ALSO, HE ADDED, the committee is to bring the problem to the attention of the government and to establish them as Canadian citizens.

In regards to re-establishing the speaker told of how during the war some 700 or 800 properties owned by Japanese were sold at prices well below their value and the owners sent to different parts of Canada.

Mr. MacMillan spoke of the many ways in which the Japanese Canadian have been good citizens of this country.

THOSE ELECTED to the committee in this city to call for further meetings if necessary were: Mrs. William Rogers, Mrs. Grace Knight, the Rev. J. J. Stevens, A. J. Marks, the Rev. J. MacBath, and Mr. J. J. Stevens.

The Supreme Court of Canada is to decide whether the government's proposed policy to send the Japanese back to their native land is valid or not. The decision is to be revealed on Thursday of this week.

Those accompanying Mr. Fitzgibbon on his trip are: J. W. Holman, president of the J. W. Holman, Toronto, divisional manager, while in Edmonton the film company executives will be accompanied by Mr. Wilson, Capitol theatre, and others.

Veterans Attend Special Sessions

Special sessions in first-year work at all facilities at the University of Alberta, for returned men unable to obtain their release from the services in time to attend the regular semester commencing in September, are being attended by 444 veterans, according to an announcement released here in July.

It is explained that these executive officers will finish their term in July so that they will be able to attend the regular sessions of the classes of the same standing as those who were able to register last September.

MOST OF THE EX-SERVICE students are registered in the faculty of applied science where 142 are in attendance. Only three are attending the classes for household economics.

Fifty-one are potential teachers in the educational branch, while 42 are in commerce, and 40 wish to become dentists.

The degree of bachelor of science (arts) is the goal aimed at by 40 of them, while 19 seek the straight B.A. The interest in commerce is rated quite highly among the students, and 20 are taking the course, and 35 are starting their studies in agriculture. The remaining students are studying arts and law.

Land Rental Rights Are Given Veterans

Veterans, whose wives are still in England or other countries across the sea, and who are qualified for lands under the Veterans' Land Act, may now be given rental rights on suitable acreage before their wives arrive, according to an announcement made by H. Alton, who recently returned from an Ottawa conference where the problem of the veteran and his wife was thoroughly discussed.

NEGOTIATIONS which lead to the granting of the necessary assistance for the veteran to buy the land outright from the government board, however, allow the veteran to make a rental agreement with the government board, which he can then sublet to the tenant.

These provisions are designed to protect the returned man in some area which will suit his wife.

The returned man is also allowed to protect the returned man in some area which will suit his wife.

These provisions are designed to protect the returned man in some area which will suit his wife.

## \$46,955 Loaned To Fire-Fighters By Credit Union

A total of \$46,955.32 was loaned to members of the Edmonton Fire Fighters' Credit Union during 1945, it was disclosed in the annual report of the organization submitted to membership meeting at John A. Station, secretary-treasurer of the union.

IN THE BREAKDOWN of the loans made it was reported that \$29,825 was loaned to members for the purchase of their own homes; \$12,235 for home improvements, and \$2,395 for the purchase of their own cars and trucks, and \$1,970 for the purchase of household furnishings.

Loans for medical, dental and hospital care totalled \$1,437, and veterans' benefits, \$1,121. \$1,377 was paid in loans to members for the prepayment of civic dues.

Loans in smaller amounts were made to members for the purchase of clothing, payment of life and fire insurance premiums, legal, funeral expenses, wedding expenses, Christmas shopping, income tax payments, cancellation of debts, and miscellaneous items.

RECEIPTS DURING 1945 totalled \$24,241.90, while \$40,357.68 was paid for shares, \$26,223.68 for repayment of loans, \$2,729.50 in interest payments on loans, and \$2,777 bank interest.

Statements during the year totalled \$6,638.49 of which \$4,695.32 is represented in loans made to members, \$27.69 paid as dividends on 1944 share accounts; \$455.25 in interest on war savings certificates, and \$1,587.87 share capital withdrawn.

The organization commenced 1945 with a bank balance of \$4,670.54 and at the end of the year had a balance of \$6,376.04. Operating costs of 1945 amounted to only \$1,313.47.

SINCE THE INCEPTION of the credit union a total of more than \$1,800,000 has been loaned to members, \$17,500 paid as dividends on 1944 share accounts; \$455.25 in interest on war savings certificates, and \$1,587.87 share capital withdrawn.

## DOROTHY DIX SAYS—

## One-Date Girls Have Only Selves to Blame

A Problem That Keeps Many Girls Guessing Is Why They Cannot Hold Their Boy Friends; They Have No Difficulty in Attracting Them

A problem that keeps many girls guessing is why they cannot hold their boy friends. Some of them say that they have no difficulty in attracting men, but they cannot keep them. They are one-date girls. Mary, the lady takes them out once, but they never play a return engagement.

Kinds of other girls want to know why the boys they have gone out with ever since their school days, and who have been as faithful as old dog Tray, suddenly desert them. They say they are still young and pretty and good dancers and carry the same line of charms that they have always had. They don't understand why Tom, Dick, or Harry, who has been going steady with them for so long, should suddenly desert them.

WELL, OF COURSE, no explanation of the fickleness of men that will hold water here. Women are not fickle. Women who are purely a matter of taste, and who are not attracted to one boy more than another, are a different type of girl. Generally speaking, the trouble with the one-date girls is that they are not really interested in the man. It is herself, or her mother. Men have ever a roving eye and a girl who is not really interested in a man, especially if he belongs to the great silent type, who expects a woman to keep the conversation going.

And if Mama is one of the mothers who thinks that her daughter's beaux came to see her, instead of Sally, or if she treats every young man as if he were a kidnaper who had come to steal her daughter away from her, it is easy to see why when a girl says good night, it is goodbye forever.

Many reasons may be advanced as to why the "one-date" girls are unsuccessful. The chief one is that it subjects him to the indignities of domesticity without any of its compensations. He gets fed up on Sally and comes to feel that he has been taken for a ride.

Another reason is that the girl friend becomes too possessive. The boy may never have thought of such a thing as being in love with her, or of marrying her, but she acts as if she owned him body and soul. She expects him to take her wherever she goes, and to let her dictate to him about everything he does. And she takes no notice of the fact that she is bound to get on her nerves.

Still another reason why girls cannot find themselves successful is because they make themselves a nuisance that their boy friends couldn't afford. They were too good

Minute Make-Ups

**Might Dismiss Charge of Theft Of Over \$25,000**  
VANCOUVER, Jan. 22 (CP)—Gordon D. Scott, 40, facing a charge of stealing \$25,000 from the Granoville hotel where he was employed as accountant, will have the charge against him dismissed if the complainants don't show more interest in the prosecution. It was hinted in police court yesterday. When the case was called for trial, Wm. McInnis, 40, 601 West 1st, told the court that he had not been given any instructions by the complainants and knew nothing about the case. He said that he had not been given any instructions by the complainants and knew nothing about the case.

Do you know that hagganais are usually the result of excessive dryness of the cuticle? Do you know that you can use a rolling pin to beautify your feet? Place the rolling pin under the arch of the foot and roll back and forth. Do you know that the first of a good foundation cream or liquid is whether it will cling to the skin and prevent perspiration from spoiling your makeup?

## Your Baby And Mine Why Grow Old?

BY MYRTLE MEYER ELDRED

IT WERE ONLY POSSIBLE to lay down hard and fast rules for accomplishing any sort of training—but, of course, it isn't. What works, well with one child is ineffective with another. In the main, though, if the mother remains calm and controlled, rather than allowing herself to become strained and tense, she will get much farther, no matter what she is trying to accomplish.

When a mother is emotional the child becomes worried about what he or she is supposed to do. If there is continual failure and scolding the child may become antagonistic and negative.

Take this simple matter of persuading a child to drink from a cup. Almost always the history is one of complete acceptance of water or orange juice from a cup and just as complete refusal to touch it when it is milk in a tin.

IT IS BETTER TO BEGIN the training for milk drinking by cup early in the first month. Offer a tablespoon or so of milk by cup or glass at the beginning of each meal, and with the bottle. When the child takes this easily, increase the amount slightly. By such slow process the child becomes accustomed to this fluid by cup and weaning is made much easier.

If the mother never tries a cup until the baby has arrived, there are a few tricks which may aid the procedure.

TRY COOL MILK. If warm milk has been refused, or vice versa, spoon up the milk from the cup, then let the baby hold it and drink the last portion from it.

TRY DIFFERENT GLASSES and cups, metal ones, large ones, thin rimmed glasses, cups with handles and without. One of these which one may strike the child's fancy at the moment.

Present the milk either at the beginning or the end of the meal, and at a time when the child is most hospitable to it.

Let him pour the milk from bottle or pitcher into cup or glass. This tends to add interest.

INVITE A CHILD who has already become an accomplished cup drinker to eat with the baby. Children love to imitate what they see others do.

BE PATIENT. If he drinks a little by cup, praise him and be patient. But keep on increasing that little by a little more until he is getting all he needs by cup. And, remember, meanwhile, much of his milk can be served in the form of food with much less to be offered to drink.

Our leaflet No. 35, "Tasty Milk Foods," offers recipes for ways of serving milk in food. It may be had by sending a stamped, self-addressed envelope with this request to Myrtle Meyer Eldred in care of this newspaper.

**Quilted and Cute**

BY ALICE BROOKS

Four little mounds in harmony—wearing quilted ankle-strap slippers, as cute as can be! Just two pieces for each slipper—quick to prepare some kind of sandwich in advance to eat out of doors. The sandwich is also big business in the home, for many who carry lunches which are packed in sandwiches. The use of waxed paper will serve to keep the sandwich moist until you are ready to eat it.

When using sandwiches, I recommend the use of the real whole wheat bread. A filling may be used of ground nuts or nut butter, and probably the peanut butter filling is the most popular one of the type. Other fillings are chicken and chicken and the whole wheat bread. Add layers of lettuce to your sandwich which will help to keep it moist. Pick up at the same time provide you with a least a few green leaves. You will find that filling made of finely chopped celery, or ground carrots, or milled omelette will offer a change from the usual sandwich filling. You can buy the minced omelette sandwich spread already in cans, and you will find this form a convenient one. Of course, the most best sandwiches are one of the favorites and the roast beef served at Sunday dinner should last long enough so that a few sandwiches may be prepared for the morning.

Sandwiches may hardly be called the most superior kind of food but if you do use them, remember the suggestions I have made in this article.

All questions regarding health and diet will be answered. Large stamped, self-addressed envelope must be enclosed. Write on one side of paper only. Letters must not exceed the word limit.

**Debunker**

FOREST FIRES DO NOT KILL FISH BY THEIR HEAT

After a forest fire is over there are often many dead fish floating in the streams nearby. The popular belief is that heat killed them. But the real explanation is something different. It is the alkaline character of the water that does the dirty work. These ashes blow and fall into the streams and are later stirred up by the current. This change in the chemical nature of the stream and lake causes the death of aquatic life.

threw the queen on. North rubbed the eye of spade and returned a spade which South won with the king. The eight of spades was led, dummy covered with the nine-spade, and North rubbed with the eight of clubs. By this way, South picked up North's last trick.

On the queen and ten of spades, declarer discarded the five and ten of hearts and the five of clubs. South thought that his partner held the queen of hearts; otherwise, why would declarer not win the previous trick as cheaply as possible? So South played low and dummy's seven-spade won. This, by the way, picked up North's last trick.

This, by the way, picked up North's last trick.

## McKenney On Bridge

BY WILLIAM E. MCKENNEY

When Harry J. Flahbin of the Mayfair Bridge Club in New York was asked why he plays bridge, he said: "Never take the play of a bridge hand for granted." Declarer apparently had to be told that he had two hearts, a diamond and two clubs, but he did not give up.

North won the opening lead with the ace of diamonds and declarer

traced the queen on. North rubbed the eye of spade and returned a spade which South won with the king. The eight of spades was led, dummy covered with the nine-spade, and North rubbed with the eight of clubs. By this way, South picked up North's last trick.

On the queen and ten of spades, declarer discarded the five and ten of hearts and the five of clubs. South thought that his partner held the queen of hearts; otherwise, why would declarer not win the previous trick as cheaply as possible? So South played low and dummy's seven-spade won. This, by the way, picked up North's last trick.

On the queen and ten of spades, declarer discarded the five and ten of hearts and the five of clubs. South thought that his partner held the queen of hearts; otherwise, why would declarer not win the previous trick as cheaply as possible? So South played low and dummy's seven-spade won. This, by the way, picked up North's last trick.

On the queen and ten of spades, declarer discarded the five and ten of hearts and the five of clubs. South thought that his partner held the queen of hearts; otherwise, why would declarer not win the previous trick as cheaply as possible? So South played low and dummy's seven-spade won. This, by the way, picked up North's last trick.

On the queen and ten of spades, declarer discarded the five and ten of hearts and the five of clubs. South thought that his partner held the queen of hearts; otherwise, why would declarer not win the previous trick as cheaply as possible? So South played low and dummy's seven-spade won. This, by the way, picked up North's last trick.

On the queen and ten of spades, declarer discarded the five and ten of hearts and the five of clubs. South thought that his partner held the queen of hearts; otherwise, why would declarer not win the previous trick as cheaply as possible? So South played low and dummy's seven-spade won. This, by the way, picked up North's last trick.

On the queen and ten of spades, declarer discarded the five and ten of hearts and the five of clubs. South thought that his partner held the queen of hearts; otherwise, why would declarer not win the previous trick as cheaply as possible? So South played low and dummy's seven-spade won. This, by the way, picked up North's last trick.

## Points for Parents

BY EDYTH THOMAS WALLACE

Not This. This. Mother: "Go away and quit asking questions! I don't have company very often and when I do, you bother me so I can't visit with them."

Mother: "Would you like to color some pictures here on your little table and after you've finished you may show them to Aunt Mary?"

An inquisitive mother will find ways of keeping a small child, who usually has mother's attention, from feeling left out when mother has a guest.

**CASO ALLEY**

NOW, PLEASE, WITH ALL THAT OFF OUR HANDS WE CAN GET OUT THE GROOVY AGAIN.

OH-OH HERE'S A RHYME. IT'S RENT TIME ALREADY!

**HOLLYWOOD**

FROM NOW ON UNTIL YOU ARE WHAT YOU WANT TO BE. YOU CAN BE A CHORUS LINE, A CHORUS LINE, A CHORUS LINE.

I GOT IT! LET ME TRY. I'LL BE A CHORUS LINE, A CHORUS LINE, A CHORUS LINE.

**TOOTS**

COLONEL HOOPER, WAS TO START WORK HERE MONDAY. HE HADN'T SHOWN UP YET! SUCH CRUST!

CASPER, DON'T BE TOO ROUGH ON HIM, BOSS! HE'S FIRED!

**HAROLD TEEN**

SO YOU'RE NOT SATISFIED? I'LL TELL YOU WHAT I'M AGON TO DO.

YOUR ATOMIC SODA'S TOO! POO!

**TILLIE**

I SHOULD HAVE INTERVIEWED THE OWNER OF THE BUS STOP SHELTER, BUT I DON'T THINK OF IT. WELL, WHY DIDN'T YOU THINK OF IT?

OH, DEAR! MAYBE I CAN STILL GET A STORY ON HIM. HE LEFT MAG LIVES THERE.

**DOTTIE**

YES TARRY--I REMEMBER THE DAY HE BROUGHT YOU HOME--A LOVELY LITTLE PINK-CHEEKED BABY.

I SURE WAS PROUD!

**AROUND HOME**

HEY MOM, CAN WE HAVE SOME THING TO EAT?

EAT FAST AND THEN WE'LL GO TO YOUR HOUSE AND STAY THERE AGAIN!

**NANCY**

THAT BUBBLE-GUM ANNOYS ME.

YOU'RE JUST MAD BECAUSE YOU CAN'T DO IT.

**CANDY**

GOLDY LOOK AT THEM! THEY ARE BEING THEIR BACON CANDY. THEY MUST BE SHAKY BECAUSE FROM CRACKY WITH AGE. NO TO DO.

BUT THERE'S STILL BACON AGE. NO ONE BACON CANDY. THEY PREFER OUTLAYS COMMITMENT. IT'S JUST FOR OLD TIMES SAKS.

**DICK TRACY**

APPARENTLY THIS 2-WAY RADIO IS DESIGNED FOR LETT. PROBABLY NOT MORE THAN A MINUTE.

I WANT YOU TO KEEP TALKING INTO IT WHILE I GO TO THE SQUAD. WE'LL CATCH UP TO THE BUNCH OF THE LITTLE OUTT.

**"HER HIGHNESS AND THE BELLBOY"**  
WITH HEDY LAMARR, ROBERT WALKER and JUNE ALLYSON

HAYES, YOU'VE A GOOD REPORTER. BUT YOU STILL BOSS HERE, AND I DON'T WANT YOU TO BE A COMPLAINT ABOUT BEING SCOOBED BY ME. YOU HAD BETTER GO.

OH! IT'S FOD, YOU LOTS.

**ARMY & NAVY**  
Dept. Store - EDMONTON

I'VE ALWAYS LIKED IT HERE-- BUT I HAVE A LOT OF FRIENDS OVER IN ENGLAND--SHADES, TOO, OF COURSE--WENT THE OLD CRYSTAL--FRIENDS I SHOULD PAY THEM A VISIT--AND REMAIN THERE.

A GOOD IDEA, SPIRIT--IF MATTERS GO WROTH HERE I MAY JOIN YOU THERE, AS SORT OF A VETERINARY BROTHER--YES, IF I BORN IN SOON TO MEET YOUR FEAR. ABOUT ACCEPTING THE REPUTATION OF A NEW WARRIOR--WELL, I'LL BE THERE--WELL, I'LL BE THERE--WELL, I'LL BE THERE.
